

AIRCRAFT MECHANIC EASA B1.2 (80–100%)

The job that keeps you close to flying every day.

Location: Zurich Airport

Why this job is special

Here, you are not just working on aircraft anywhere - you are right at the heart of aviation at Zurich Airport. You work close to flight operations, maintain a wide range of aircraft types, and experience technology, precision and teamwork first-hand every day.

Your responsibilities - varied, demanding and unique

- Maintenance, repair and modifications on light aircraft
- Work on renowned aircraft such as **Cessna, Cirrus, Diamond, Bristell and Mooney**
- Opportunity to develop into a **specialist in diesel engines and Diamond technology**
- Contribute your ideas, not just execute tasks - your expertise matters

Your profile

- EASA Part-66 B1.2 licence
- Experience with piston-engine aircraft
- Passion for technology, precision and the unique aviation environment
- Motivated to learn and develop - German is an advantage, not a requirement

What you can really expect from us

- Regular office hours, Monday to Friday, at Zurich Airport
- 5 weeks' holiday and a 13th-month salary
- Free parking directly at Zurich Airport
- Targeted training and individual development opportunities
- Varied work in a supportive, aviation-passionate team where your contribution is recognised and valued
