

We are a young company with locations in Belp, Sion, and La Chaux-de-Fonds. Our EASA Part-145 approved organization specializes in maintenance, avionics, components, and composite repairs.

To expand and strengthen our team in Sion, we are looking for you as our:

Certifying Staff B1.3 (Airbus, Bell) Base Maintenance Manager BMM

Workplace: Sion
Workload: 100% - Immediately or by arrangement

Your responsibilities:

- Independent planning and execution of inspection and maintenance work (base and line maintenance)
- Technical leadership of the maintenance team, including personnel deployment planning
- Coordination between customers and the maintenance organization: inquiries, quotations, scheduling, invoicing
- Troubleshooting on helicopter types from various manufacturers
- Ensuring compliance with regulatory requirements and internal company processes
- Independent handling of technical and administrative tasks

Your profile:

- Holder of an EASA Part-66 B1.3 license with type ratings
- Several years of practical experience in base maintenance, ideally with leadership responsibility
- Sound knowledge of EASA regulations (Part-145, Part-66)
- Strong communication and coordination skills with customers and internal teams
- Independent and reliable, with the drive to build something new
- Flexible, resilient, and a strong team player
- Excellent French and English skills mandatory

What we offer

- An interesting and responsible position in the aviation industry
- A performance-oriented salary in line with the market
- Flexible working hours
- A collegial and supportive team behind you
- Opportunities for development and further training

Interested in a new challenge?

We look forward to receiving your complete application by 31 May 2026, by email to jobs@camro.ch.
