

## A JOB THAT GIVES YOU WINGS

Founded in 1965, Air-Glaciers was born from the desire to do everything possible to save lives, whatever the conditions. Today, Air-Glaciers operates 6 bases throughout Switzerland (Sion, Collombey, Leysin, Gampel, Lauterbrunnen and Gstaad) from which our crews take off to carry out rescue missions as well as passenger flights, spray, taxi and air freight transport.

As a company looking into the future, we continuously invest in the training of our employees. To join our maintenance team, we are currently looking to hire a
